EDUCATION

TSWANE UNIVERSITY OF TECHNOLOGY

2021-2024
Dip in Computer Science

MPHELA A MARUMO SECONDARY SCHOOL

2016-2020
National Senior Certificate

SKILLS

- honed my skills in both front-end and back-end development.
- Proficiency in programming languages such as JavaScript, Python, and Java.
- experience with frameworks like Bootstrap ,springboot and Node.js
- Understanding of software development lifecycle (SDLC)
- Proficiency in database management systems like MySQL, derby and MongoDB.
- Familiarity with cloud platforms such as AWS, Azure, or Google Cloud.
- Strong grasp of fundamental concepts for efficient problem-solving.

PROFILE

Highly driven and detail-oriented final-year Computer Science student with a strong foundation in programming and software development. Adept at working with various programming languages and technologies to develop innovative solutions. Proven ability to manage multiple projects simultaneously while maintaining a high standard of work. Seeking a work-integrated learning opportunity to apply academic knowledge and technical skills in a practical environment, contributing to impactful projects and gaining industry experience.

EXPERIENCE

Participated in multiple hackathons. Developed projects within tight deadlines, focusing on problem-solving, teamwork, and rapid prototyping.

Served as a Guest tutor on my second year of studies to Assist in teaching the Programming related.
